## GOOD FOOD + A GOOD TIME *The Ultimate Pairing for Your Next Event*

### ROCKS

*Cocktails. Conversation. A view worth staying for.*

Overlooking the Grotto Pool, Rocks is designed for guests who appreciate a well-made drink and a setting that does half the entertaining for you. Handcrafted cocktails anchor an extensive wine and beer selection, paired with polished, crowd-pleasing light bites.

### FIORENZO

*An Italian bistro built for people who take dinner seriously.*

Fiorenzo pairs the warmth of an authentic Italian kitchen with the theater of a live, wood-fired oven. The menu leans confident and classic—steaks, chops, handmade pasta, fresh seafood—executed by a culinary team that knows when to let ingredients speak for themselves.

### DESCEND 21

*Where the meeting ends, and the evening begins.*

Descend 21 is not a lounge that happens to be fun. It's fun by design. Elevated shareable dishes, indoor-outdoor seating, fire pits, and an expanded terrace set the tone. Topgolf® Swing Suites, pool tables, and interactive games keep the energy moving long after the first toast.

### ICCHARO

*A modern Japanese dining experience, grounded in craft.*

ICCHARO is built on precision, balance, and respect for the ingredient. Sushi and Japanese-inspired dishes are prepared with a disciplined hand—clean flavors, deliberate technique, and presentation that never overreaches. This is cuisine that rewards attention.
